

Homeless Services Dashboard Report July 2019

Street Outreach and Engagement

	Outreach Contacts ¹	Outreach Line Calls	Client Engagement ²	Street Exits ³
Dec 2018	25		8	5
Jan-Mar 2019	222		42	9
April-June 2019	221	96	76	7
July 2019	43	44	78	8
TOTAL	511	140		29

- Annual net societal cost savings for exiting **29** homeless neighbors from the streets: **\$253,344⁴**

City Net staff initiated the following homeless activities in the previous month. See footnotes for descriptions of activities that comprise outreach contacts, and client engagements:

Date	Client Activity(ies)	Notes	Location(s)
7/1/2019	Client engagement	Street exit	Path of Life Ministries, Global Medical Detox
7/3/2019	Client engagement, Outreach contact	Outreach event, follow up	Rincon Park, 6th Ave, Palisades
7/5/2019	Client engagement, Outreach contact	Outreach event, follow up	Main St. bus stop, Burlington parking lot, text/email
7/8/2019	Client engagement, Outreach contact	Follow up	Main St. Civic Center, City Park, phone call, Social Security Office
7/10/2019	Client engagement, Outreach contact	Follow up, new intake	Freeway underpass, City Park, Corona Public Library
7/12/2019	Client engagement, Outreach contact	Follow up	Mckinley shopping center, phone call, Main/8th St.

¹ **Outreach Contacts** reflect the number of interactions for the specific purpose of reaching out to unsheltered homeless neighbors in a process of building trust and offering support toward the long-term goal of connecting them with emergency shelter, housing, or critical services; and providing urgent, non-facility-based care. These activities are intended to help homeless neighbors to obtain appropriate supportive services, including assistance in obtaining permanent housing, medical health treatment, mental health treatment, counseling, supervision, and other services essential for achieving independent living; housing stability case management; and other Federal, State, local, or private assistance available to assist the program participant in obtaining housing stability.. This number can be duplicated in any given reporting period.

² **Client Engagement** reflects the current number of homeless neighbors who are voluntarily engaged in a formal case management relationship with City Net. Case managers work with clients to achieve progress on a mutually-agreed upon plan to attain housing and supportive services. Case managers follow-up with housed clients for 6 months after housing to ensure a successful placement. Active cases are engaged once a week on average, and are considered inactive after 90 days of no contact.

³ **HUD Street Exits** are defined by HUD and enumerated in the HUD systems performance report, and City Net uses these designations for all street exits achieved through the efforts of two or more agencies working together within the context of the homeless collaborative in the city. HUD designates some of these street exits as “temporary” and some as “permanent”, and City Net exercises discretion to count as exited those homeless neighbors who have a reasonable plan in place to move from temporary shelter to permanent housing.

⁴ The average gross monthly cost for each homeless neighbor is \$1,446 per month, according to a landmark 2009 financial study of 9,186 homeless individuals in Los Angeles County (“Where We Sleep: Costs When Homeless and Housed in Los Angeles” Economic Roundtable, 2009, <http://www.economicrt.org/pub/>). The study derived this amount by examining the monthly cost burden shared by 16 public and private agencies and programs: Department of Public Health, Department of Mental Health, Probation Department, Homeless Services Authority services, Department of Health Services (DHS) hospital-inpatient, DHS outpatient clinic, DHS emergency room, Department of Public Social Services (DPSS) General Relief, DPSS Food Stamps, DPSS General Relief Housing Vouchers, Sheriff mental health jail facility, Sheriff general jail facility, Sheriff medical jail facility, private hospitals-emergency room, private hospitals- inpatient, and paramedics. There is still a cost burden when homeless neighbors are housed, because they continue to draw on these agencies, but the study found the costs were reduced by 50%, saving \$728 per month per person when a homeless neighbor is housed.

Homeless Services Dashboard Report July 2019

Date	Client Activity(ies)	Notes	Location(s)
7/15/2019	Client engagement	Follow up	City Park, Path of Life Shelter, text/email
7/17/2019	Client engagement, Outreach contact	Outreach event, follow up	Palisades, phone call, 6th St.
7/22/2019	Client engagement, Outreach contact	Street Outreach	McKinley shopping center area, phone call
7/24/2019	Client engagement, Outreach contact	Street Outreach	Phone calls, McKinley area, McKinley St., Main/Ontario Ave., City Park
7/26/2019	Client engagement, Outreach contact	Outreach event, follow up	City Park, City Hall
7/29/2019	Client engagement, Outreach contact	Street outreach, follow up	Palisades encampment, phone calls
7/31/2019	Client engagement, Outreach contact	Outreach event, follow up, new intake	Path of Life Shelter, McKinley Shopping Center, Palisades under passage tunnel

Community Engagement

City Net staff participated in the following meetings to build relationships with key stakeholders in the region and to build capacity for future collaborative efforts:

- 7/2/19: Coordinated Entry System (CES) weekly match meeting. City Net participates in county-wide meeting to ensure that the most vulnerable homeless neighbors are “matched” to available permanent supportive housing opportunities as they arise. City Net advocates for its clients who are eligible to be matched.
- 7/14/19: South Hills Community Church of Corona partnered with City Net to assembled Street-Outreach Kits for City Net’s Corona Street-Outreach Team and the Corona Police Department’s HOPE team. They assembled approximately 40 kits, which all included a note of compassion and \$5 fast-food gift card, valuing roughly \$300.
- 7/17/19: Corona Homeless Task Force. Four members of the Corona team attended the Corona Homeless Task Force meeting, which is an opportunity to provide an update on program progress and data as well as connect with collaborative partners.
- 7/17/19: Corona City Council Meeting. Our president, Brad Fieldhouse, presented an update.
- 7/30/19: City Net staff toured the Corona Norco Rescue Mission and visited Restoration Roasters.

Recent Street Outreach/ Case Management Successes (most recent at top)

7/10/19: While on outreach with Corona PD, team received a disturbance call at the public library. The officers mentioned that they have been receiving several calls from this transient individual and would like for us to talk to him. When we arrived, we met client who has been homeless for many years and moved to Corona seven months ago. While we were completing the intake, client disclosed that he had a partner who lived in Cypress, but he was unsure whether she would talk to him. We offered to contact her on his behalf to explain his situation. While talking to his partner we were able to mediate their previous problems and they mended their differences. She agreed to let him stay with her and asked if we could assist with getting him to her house. City Net helped with his transportation to her property in Cypress.

7/8/19: We initially met homeless family three months ago during outreach. At the time, the family was looking to obtain motel voucher assistance while they worked on finding employment. They were also concerned about safety at a shelter and for that reason they were hesitant to go to one. On 7/8/2019 Officer Carbajal encountered the family at Promenade

Homeless Services Dashboard Report July 2019

Park. While talking to the officer, the mother disclosed that they have been staying at the park and storing their belongings at a resident's home. The officer also discovered that their son has not been registered for school in over a year. Client informed the officer that it has been challenging to enroll her son in school when they do not have stability. We encouraged the client to go to The Path of Life family shelter and work towards stability. Client agreed to go to the shelter with her family. Since then, the family has been able to enroll their son in school and applied for rapid rehousing program.

6/28/19: Male client who has experienced homelessness on and off since he was a child. His most traumatic episode of homelessness began when his father passed away a couple of years ago. It was then when he lost everything; his vehicle, job and home were all taken from him. The client has been to various shelter programs including The Salvation Army, and The Courtyard in Orange County. The client often claimed he had a substance abuse issue just to get into a program even when he did not. Most recently the client found himself homeless again in Corona and sleeping in his mother's vehicle. On 6/28 case managers met with the client and his mother. She informed case managers that his goal was to go into the Rescue Mission. The client and his father had experienced homelessness when he was a child and he had fond memories of The Rescue Mission. Because the process to get into the mission requires time, case managers were eager to get the client into an emergency shelter. On that same day case managers referred the client to Path of Life shelter in Riverside. Because he was not familiar with the area, City Net provided the client with a 7-day bus pass to be able to come to Corona daily to reconnect with his mother. Case managers continue to work with the client to help guide him until he is accepted into the Rescue Mission.

6/24/19: Case managers met client on outreach during one of the city's monthly park clean ups. While talking to the client, he disclosed that he has been homeless for 5 years and was sober until the day he moved into the park. He also disclosed that his homelessness was caused by broken relationships with his children. Throughout our conversation, the client would frequently mention his desire to get sober and mend the problems between his family. The following week case managers proceeded to encourage him to complete the intake with 211 for a medical detox, but he was discouraged and gave up. After multiple interactions and follow ups, case managers built a trusting relationship with him. On 6/17 City Park was cleared and individuals were no longer allowed to have their tents there. This is when the client finally realized he needed to take the necessary steps to move forward. Case managers reintroduced the idea of a medical detox for him and he was on board. City Net called Menifee Global Detox for him to complete the initial intake, then received an appointment for a phone interview. On the day of his interview case managers searched for the client to make sure he completed the interview. After two weeks of extensive intakes, the client was given an admittance date! On the day of his admittance, City Net helped him gather his belongings and transported him to the facility for a warm hand off. Case managers have called to check in on the client and he is doing well; he will be connected to another rehabilitation facility after his detox. Through continuous efforts the client is now heading towards recovery and is no longer homeless.

5/15/19: Homeless couple has lived in Corona for many years. Six months ago, they found themselves struggling financially and their families moved away which ultimately led them to becoming homeless. City Net met the couple at City Hall, they wanted to get into shelter because the girlfriend has congestive heart failure. The male client mentioned that his mother may be able to take them in so that they won't have to stay outdoors with their health problems. City Net case managers reached out to his mother and she was very receptive to having him come home. In collaborative efforts with Corona PD, case managers transported the clients to the Greyhound bus station in Claremont. City Net assisted with the fares for the clients and purchased lunch and food gift cards for their ride home. Case managers followed up with the clients and provided different resources for their new housing destination. We followed-up after the trip and the clients reported they made it safely and they are now in a stable environment working towards employment.

4/26/19: Older homeless woman has lived in Corona for over 10 years and has struggled with substance abuse and homelessness. She has reportedly been living in and out of a house that is often raided by Corona PD for drug and gang activity. For the past 6 months, client has been living with her mother in a senior community. The policy of this senior community does not allow her to live with her mother and so far she has not been seen by security. Because she may be forced to leave at any given moment, client's brother called the City Net outreach line on her behalf. Client and brother met with staff at the Corona Public Library during in-reach and discussed various housing options. After much discussion, client agreed to go to Set Free in Lake Elsinore. On 4/29, client was transported to Set Free with our staff and was dropped off for intake.

4/22/19: Young male client has been homeless for the past 7 years. He reported of struggling with drug addiction and was diagnosed with a form of developmental delay. He came to Corona hoping to find resources and a place to sleep as he makes his way to Redding, CA. Client stated that he would like to connect with his case worker in Redding who is working on placing him into a group home. Staff members approached client at City Park on 4/22/19 where he had been staying for the past 3 days. After meeting with staff, client expressed an interest in case management services from City Net and was willing to explore any shelter options that is available to him. Client agreed to stay at the Path of Life shelter in Riverside. Staff transported client to the Settlement House in the City Net van. Client was able to obtain a sack lunch and a new outfit from their thrift store. Client was then transported to Path of Life and was dropped off for intake.

4/2/19: In early March a homeless woman was referred to City Net by city staff, who in turn was alerted by a Pastor in Norco. Client was a Corona resident who became homeless and living in her car with her emotional support dog. She struggles with mental health issues and is on disability, but not a large enough amount to make rent. She has been on the list for Section 8 housing for 3 years. While living in her car she had been making installment payments on an old 24-foot trailer she was planning to live in. To further complicate matters, the trailer was in Hemet and she wanted to live locally but didn't have a car that could tow the trailer. City Net's case manager helped her through multiple RV Park applications and city staff reached out to various local stakeholders to find financial assistance and other resources. It was a group effort and many different organizations (Crossroads, City of Riverside, Corona-Norco Rescue Mission, Path of Life, Starting Over, and more) were contacted, which yielded the money she needed to move into an RV Park. City Net staff helped her with her move in and paperwork. Furthermore, City Net and Crossroads Church worked together to pay her deposit, application fee, first month's rent and towing fees (\$1450 in total). Client was very thankful and grateful for everyone's assistance and was relieved to finally have a place to call home.

3/11/19: Client reached out to City Net via the outreach line and inquired about City Net services. She was previously staying in a church home but was unable to stay due to a conflict with other housemates. Client has experienced homelessness off and on over the years and is accustomed to going from one home to another. She reached out to New Beginnings, a church that she recently connected with. From there, she was referred to City Net and made an appointment to meet with Case Managers later that week. Client was in desperate need of shelter and was willing to go anywhere where she felt comfortable. City Net then recommended the client to Set Free - a transitional program for men and women in Lake Elsinore. After speaking with the staff at Set Free and a moment of prayer, the client decided to go to Set Free and was transported to Lake Elsinore with City Net staff. Client was welcomed with open arms to a household of women who said to her at her arrival that they "never turn anyone away."

3/7/19: Client was approached by City Net at Rinpau Park. Client expressed a strong desire to be sober and to get off the streets due to the dangers of her environment and cold weather. Client is a well-known homeless neighbor who has been

approached by Corona Police Department numerous times and has often shown signs of significant disabilities. With the help of City Net, client was able to obtain new, warm clothes and a sack lunch from the Settlement House. Client was later transported by City Net to the Social Services office to apply for benefits. Client completed her day as City Net funded transportation to Path of Life. Staff connected with client again a week later when she was in Corona visiting her son. Client reported that she had a positive experience at the shelter and that she was only visiting Corona.

3/6/19: Client reached out to City Net via the outreach line. He sometimes lives in a house owned by a relative, but she cannot always accommodate client. Client was looking to stay away from Corona and be somewhere safe and warm. After presenting client with multiple options, he agreed to go to Path of Life Homeless Shelter in Riverside. After completing an intake with City Net, client was given a bus pass and directions on how to reach the shelter. Client later contacted staff and reported that he made it safely to the shelter and shared his gratitude. Client recently contacted staff earlier this week and reported that he is still at the shelter and thanked City Net for the assistance.

2/8/19: Client is a high-profile local resident of Corona who was recently imprisoned for the past 5 years. He has been homeless for 6 months and is struggling with addiction to heroin. Client has been approached by Corona PD on a regular basis regarding his behavior and is also currently on parole. We have worked with client since the start of this project and he has had a difficult time staying sober and being proactive. However, with the guidance of City Net staff, client decided to enroll himself into the Salvation Army in Perris. He was transported to the facility by City Net staff and we assisted him with his intake process. After recently following up with the client, we have learned that client's stay at the Salvation Army was short lived. However, client continues to express a strong interest in recovery and continues to work with City Net to find an alternative solution.

Housing Destination Chart

	HUD HMIS Exit	HMIS Code	Type	Exits
Homeless Shelters	Place not meant for habitation	16	Temporary	0
	Emergency shelter, including hotel or motel paid for with emergency shelter voucher	1	Temporary	14
	Safe Haven	18	Temporary	0
	Transitional Housing for homeless persons (including homeless youth)	2	Temporary	3
